The British League men's team won promotion to National One division - the highest ever level by a club senior team among top 16 clubs nationally.

Individual club members have added more medals with four podium places at the England Athletics Age Group Championships and seven medals at the South of England event. One of these medallists was Jacob Blanc who this weekend has added bronze at the English Schools Junior Pentathlon championships to his earlier national hurdles medals, to earn selection to compete for the England Schools team in the indoor international in Glasgow in November. Javelin star Max Law also added another international vest winning gold for the England Under 18 team in Dublin in August.

With the track season now ending it's straight into the winter season and next weekend club teams will be out in force at the Essex Cross Country Relay Championships at Writtle.
